BRITISH CARIBBEAN PHILATELIC JOURNAL
JOURNAL OF THE BRITISH CARIBBEAN PHILATELIC STUDY GROUP

Cumulative Subject Index to Volume 47
2007

Whole Numbers 222 Through 225

Compiled By Steve Jarvis (2008)

Introduction

This index is divided into five parts:

- a) Listing of Editions
- b) Index by Subject – either territory, further sub-divided by topic (e.g. airmail) or topic, further divided by territory
some items such as 'air letters' could be classified under either airmail or stationery, to avoid duplication a decision was taken as to which should be utilised (in this case stationery).
- c) Index by Person – personal information, such as an award, is identified here
- d) Index of BCPSG Society Topics –
such as meetings, Presidents message ...
- e) Index By Author – only articles with an identified author are included. The article title is used (whereas under subject this has been edited to provide more meaningful information). A category has been added to help identification of contents.

Two numbers separated by a slash '/' are shown at the end of each reference, the first number being the whole number of the issue in which the reference is found, while the second indicates the first page concerned. Inserts and 'flyers' are not listed.

My thanks to Michel Forand who guided me through the intricacies of producing this cumulative index.
